Questions raised so far from the audience

If you need the QR
code, please scan.

Here are a couple of questions if the audience is shy

1. What phone policy and procedures do you have on site?
2. Does the quarry manager have to be on site every day?
3. If you find out about an incident on site some time after it occurred, what should you do ?

Here are a couple of questions if the audience is shy (continued)

4. Is the 1300 814 690 number just for reporting incidents?
5. If I find a problem with my QM practicing certificate, what do I do
6. What systems do you have in place to check contractors are working in line with their systems ?
